

## Accessing /research shared storage

For a windows computer, you would do the following to map the share:

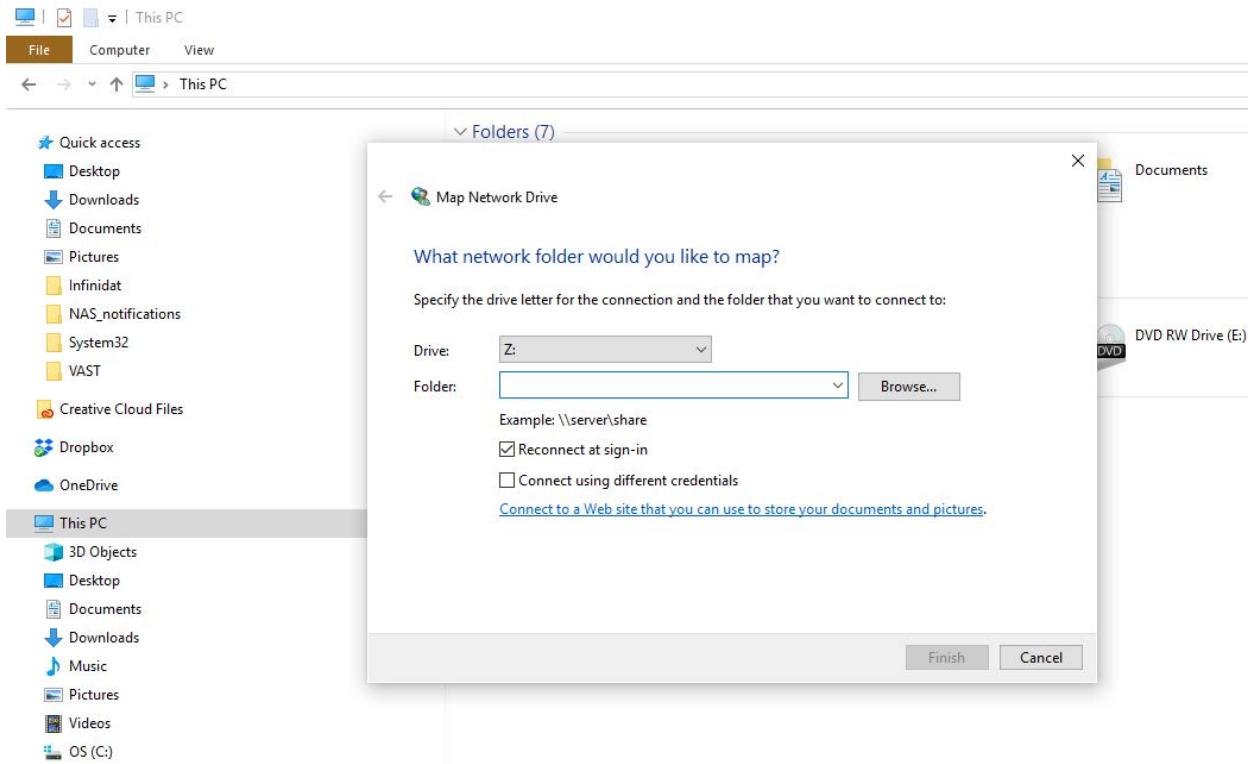

Open up a File Explorer Window:

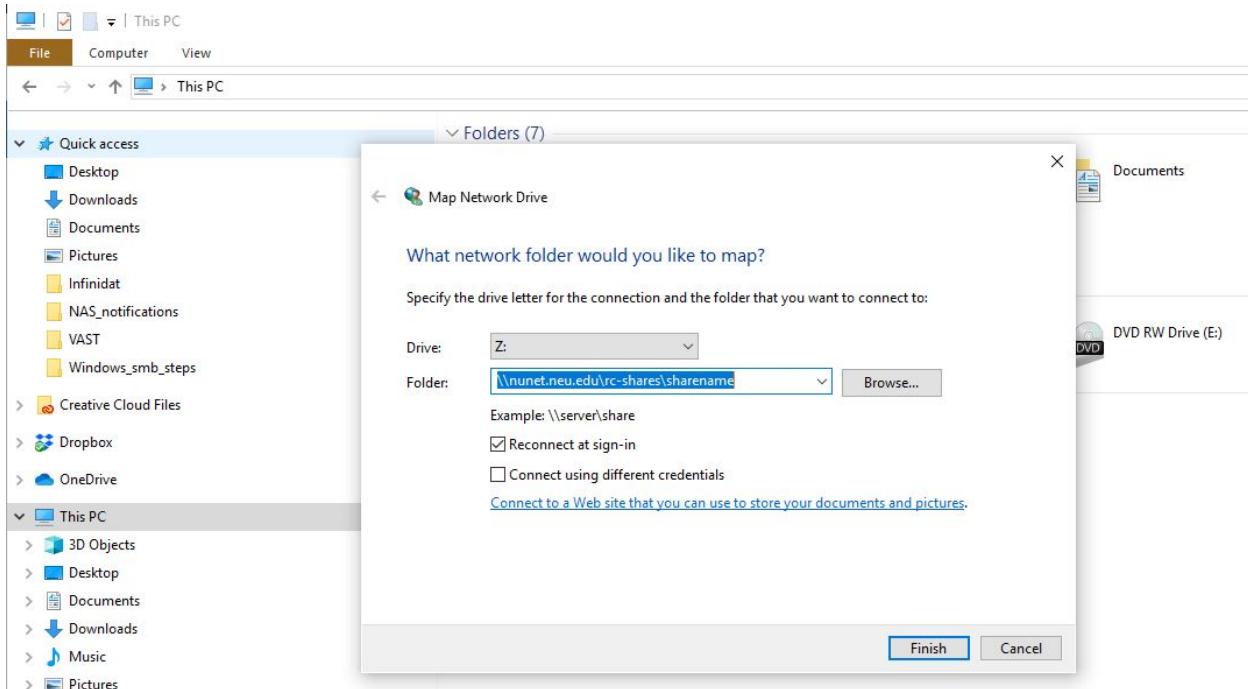

From File Explorer, Click on: This PC > Computer > Map Network Drive

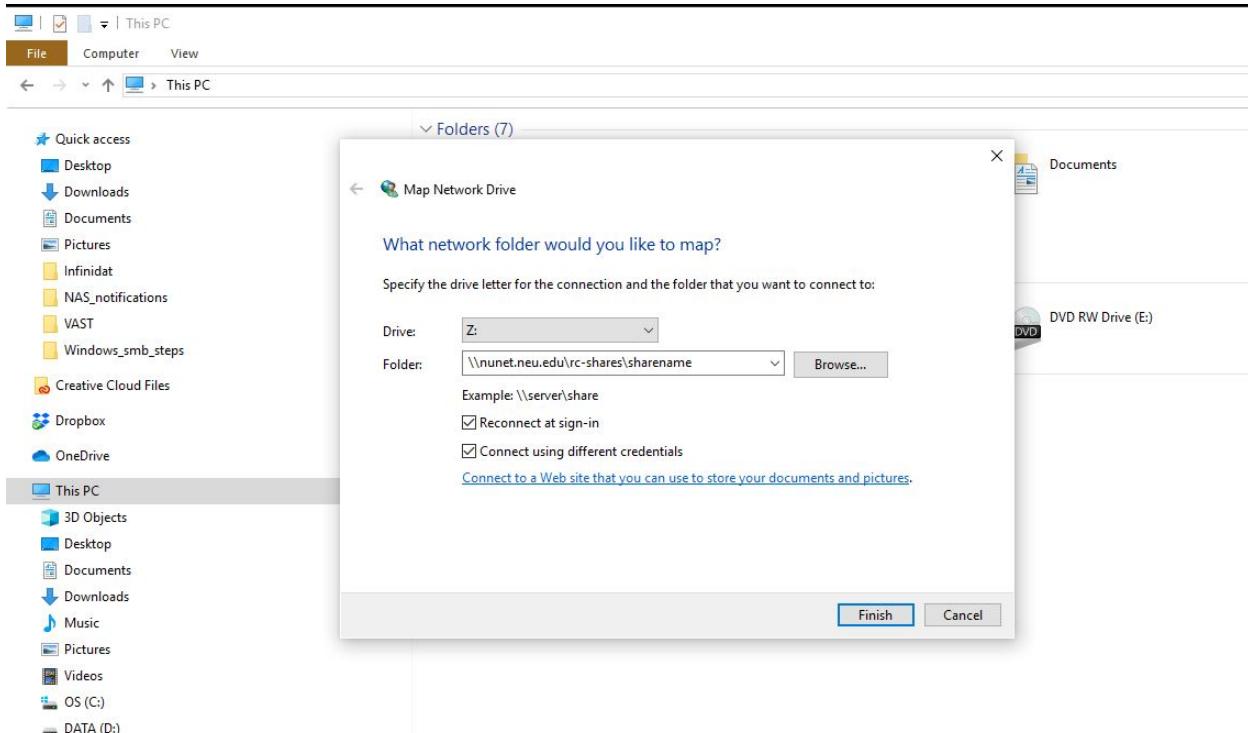

In the “Drive” field, choose any open letter

In the “Folder” field, type the following: <\\nunet.neu.edu\\rc-shares\\lotterhos>

If you would like this to be a persistent mapping, check the “Reconnect at sign-in” box

Click “Finish” and you should see a pop-up window displaying the share folder

For Mac OS computers, please do the following to access the share:

From Finder, click on Go on the Drop Down Menu

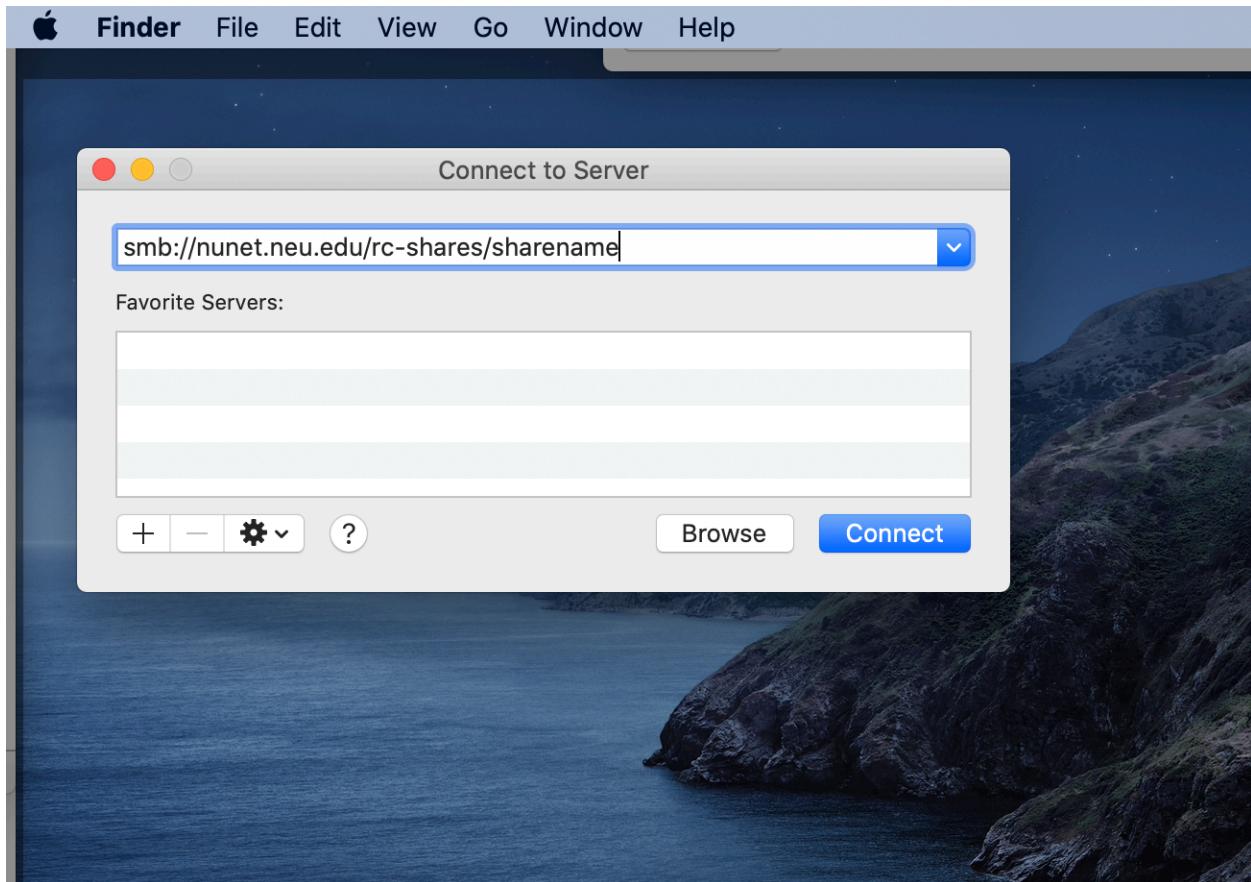

Click on Connect to Server

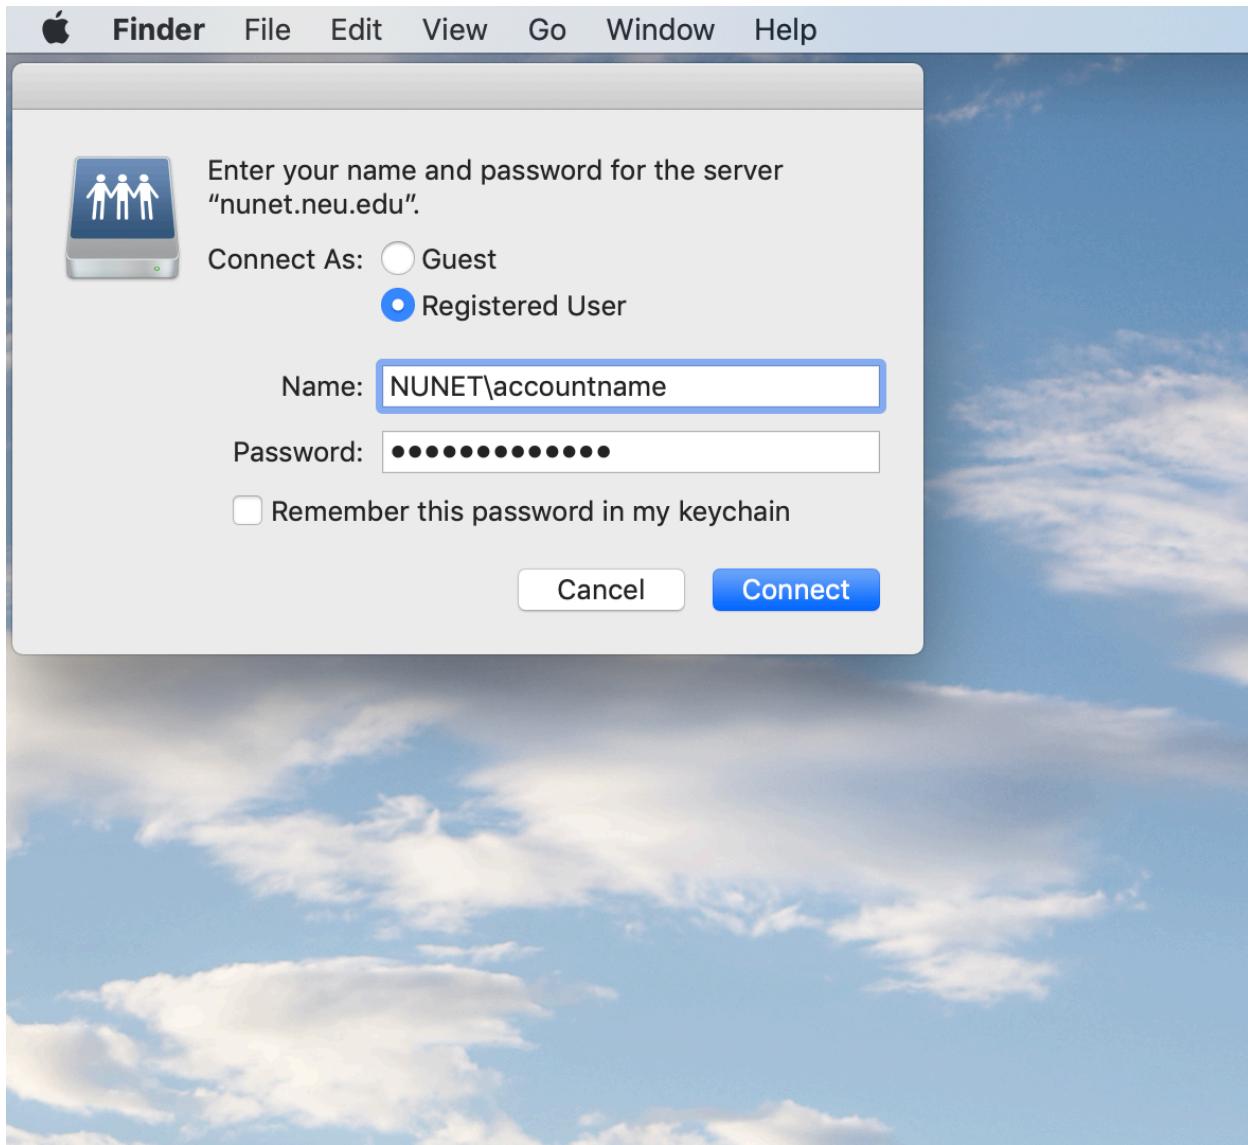

In the Connect to Server window, type – <smb://nunet.neu.edu/rc-shares/lotterhos/>

Then click on Connect

The next dialogue may or may not appear depending on whether or not your Mac caches your login, but in the event that it does appear, enter your Active Directory/Sponsor Account credentials using the following construct:

NUNET\accountname and your password, then click on Connect

Once you have successfully authenticated, you should see a window to your folder on display such as the following:
